Course**

Introduction

Congratulations and welcome to the 7 advanced laws of attraction!

I'd like start by saying this is no ordinary guide on manifesting and creating the life you desire...

LIMITATIONS: VISUALIZATION, HYPNOSIS & THE SUBCONSCIOUS MIND

Many so-called experts promote having a Vision Board, listening to Hypnosis tracks, or trying to reprogram your Subconscious mind.

However, all of these methods have a major flaw according to the 7th Degree Masters who were my teachers.

They have NO real power to actually CREATE.

That POWER exists solely with the Universe (God)!

And only by bringing your thoughts and actions into ALIGNMENT with the Universe (God) are you then able to create and manifest at the Highest Levels.

7 Advanced Laws of Attraction

The easiest and most effective way to ALIGN yourself with the Universe (God) is by using the 7 advanced laws of attraction you will find in this guide.

I'm very excited to be sharing these advanced lessons with you because I know they have the power to completely transform your life, just like they did for me back in 1991.
